

# EXHIBIT G

## TOGETHER WE CAN MAKE A DIFFERENCE

Below the Blue is a registered 501(c)3 nonprofit dedicated to removing foreign debris from water bodies and educating the public about pollution. Below the Blue collects hands-on data that helps facilitate policy change and enforcement while working with environmental lawyers, local agencies and residents.

Individually, we are scientists, artists, entrepreneurs, lawyers, and teachers. Collectively we are Below the Blue, a group of genuine people with a common interest: Lake Tahoe and Beyond.

We hope you will become part of our collaboration to save our lake, below and above the blue.

## ENVIRONMENTAL GROUPS ASK EPA TO SHIELD PUBLIC

In a letter Monday to the EPA, the groups asked the federal agency to ensure the “immediate removal” of all abandoned aerial lead-covered cables hung up on poles and lead infrastructure accessible to children from the ground.
